

MERHABA MİNİK KALPLER

Sizlere, öncelikle maket yapacağınız yerleri tanıtalım.

Peygamber Efendimiz, Mekke şehrinde doğmuştur. Daha sonraki yıllarda, Medine'ye giderek orada yaşamıştır.

Mekke'de, Mescid-i Haram'ın içerisinde tıpkı kutuya benzeyen bir bina var. İşte orası Kâbe. Kâbe, Allah için yapılan ilk bina ve ilk ibadet yeridir. Her yıl Müslümanlar, hacı olabilmek için Kâbe'yi ziyaret ederler. Üstelik orada kılınan namazlar, başka yerde kılınan namazlardan daha sevaptır.

Medine şehrinde ise, Peygamber Efendimizin de inşaatında çalıştığı Mescid-i Nebevî yer almaktadır.

Ayrıca, bu mescidin içinde bulunan Yeşil Kubbe'nin altında Peygamber Efendimizin mezarı bulunmaktadır.

Sizler de, o güzel yerleri ailenizle birlikte ziyaret edebilirsiniz. Bu kitapla birlikte de bu kutsal yerlerin maketini yapabilirsiniz.

MAKETLERİ NASIL YAPALIM?

Minik kalpleri

Mescid-i Nebevî ve Mescid-i Haram'ın maketlerini
oluşturmaya hazır mısınız?

O hâlde kağıt makasınız ve yapıştırıcınız yanınızda olmalı.

Bu maketleri mutlaka büyüklerinizin yardımlarıyla
hazırlamalısınız.

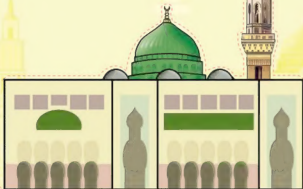

Şimdi size yapmanız gerekenleri tek tek anlatayım:

- Çalışmaya başlamadan önce, Mescid-i Haram ve Mescid-i Nebevî zeminlerini dikkatle inceleyin.
- Ardından, kitaptaki sayfaları sırayla kopararak maketleri kesikli çizgilerin üzerinden kesin.
- Özellikle minare maketlerini, kesip yapıştırırken büyüklerinizden yardım isteyin.
- Maketleri, zemine monte etmek için yapıştırma yerlerini içe doğru kıvrarak bu kısımlara yapışkan sürün.
- Yapıştırma işlemi tamamlandıktan sonra, maketlerinizi sergileyebilirsiniz.
- Haydi, minik kalpleri! Hem maketleri yapalım hem de kutsal mekânlarımızı tanıyalım, tanıtalım.
